

Peel & Press Letters Application Instructions

For application on cotton, polyester or poly/cotton blends.

1. Set Your Heat Press

If not a Hotronix® heat press, add 10°

Temperature: 360° - 370°

Time: 4 Seconds

Pressure: Med/Firm 6-8 (60-80psi)

2. Preheat Your Apparel

- Place apparel on platen and press for 3-5 seconds

3. Peel Letters

- Peel the desired letters off the release paper by peeling from one corner.

4. Pause & Peel

- Open machine and pause for 3-5 seconds.
- Peel off the paper backing in a smooth, even motion.

Tips:

- Do not use a pillow
- This product can also be applied at 340° for 8 seconds.
