The Top 7 Reasons to Decorate Apparel With Transfers

1. It’s Fast!

Heat printing with transfers and a heat press is the fastest and easiest way to decorate apparel. Our screen printed transfers apply in as little as 4 seconds! There is no set up or mess like other printing processes. Put the shirt on the heat press, position the transfer, and apply in 4 seconds.

2. It’s Cost Effective

All you need is a heat press to print apparel. Since heat printing is so fast, it reduces your time and labor cost for every order you print. You can print on demand and not have to worry about the investment of tied up inventory in printed apparel or wasted apparel at the end of the season. With our sheet pricing, print multiple items from just one transfer sheet, reducing your ‘per image’ cost!

3. It’s Easy to Print on Hard-to-Print Items

Take away the stress and headaches of hard-to-print items. This includes shoes, bags, koozies, and towels. Print more than apparel with just transfers and a heat press. Our quick change heat press platens make printing any job a breeze. By simply raising the print area with a pad, you can print items with no set-up time needed.

4. One Color to Full Color

With transfers, your printing time is not affected by the number of colors. It is just one application whether it’s 1 color, 5 colors, or full color. There are transfer options for any kind of artwork you need to get printed.

5. Free & Easy Artwork with Online Designer

There’s no need to be an artist or to hire an artist. We have the art you need for any occasion, sport, work, or school. There’s no need to be an artist or to hire an artist. We have the art you need for any occasion, sport, work, or school. There’s no need to be an artist or to hire an artist. We have the art you need for any occasion, sport, work, or school.

The easy way to print.

6. Easy Personalization

Personalization is painless using our stock numbers and Express Names™. They pair together perfectly by just touching the paper edges. They are pre-spaced and centered which makes the alignment fast and easy. Uniforms have never been easier.

7. It’s Durable

Our transfers have the same durability as direct screen printing, since they are in fact, screen printed. They have been third-party tested through 50 wash/dry cycles so you know you are getting a quality product. Our transfers will last for the life of the apparel.
Heat transfers are a quick and convenient solution to custom print sports uniforms, fashion wear, fan wear and other apparel. Our transfers use silkscreen technology with the most durable inks, high definition digital transfers, high quality clear crystals and vibrant colored metal stones.

We didn’t get our name, Transfer Express, for nothing. Our custom transfers ship out fast. **Edge out the competition** with quickly created art, easy ordering, same day turnaround, and Speedy Air delivery.
Easy Prints® are custom transfers created using layouts from the Transfer Express® Idea Book™. Prices are based on quantity of sheets, transfer type, and, for screen printed transfers, the number of colors. These apply to cotton, polyester or cotton/poly blends.

Fill the sheet - all prices are based on whatever fits on our 11.25” x 14” sheet.
